Zinaida Chekantseva : “Power in the light of the theory of rhythm : a view from the XXI Century”, - 12th International Seminar in Budva - Montenegro, June 6, 2014.

“There is an inextricable link between the power and rhythm. The fact that the government requires in the first place is the rhythm (the rhythm of everything - life, time, thought, discourse”, Roland Barthes wrote. In light of “the rhythmic organization of the process of individuation” proposed by Pascal Michon power appears as a “rhythmic medium”.
